

802 Plenary Meeting Survey Results

A web-based survey was conducted during the November 2002 Plenary to assess the views of 802 attendees on a number of issues relating to Plenary meeting arrangements. This report presents the results of that survey. Each survey question is presented followed by the response to the question. There were 337 individuals that responded to the survey. There were 868 paid attendees at the November 2002 Plenary meeting.

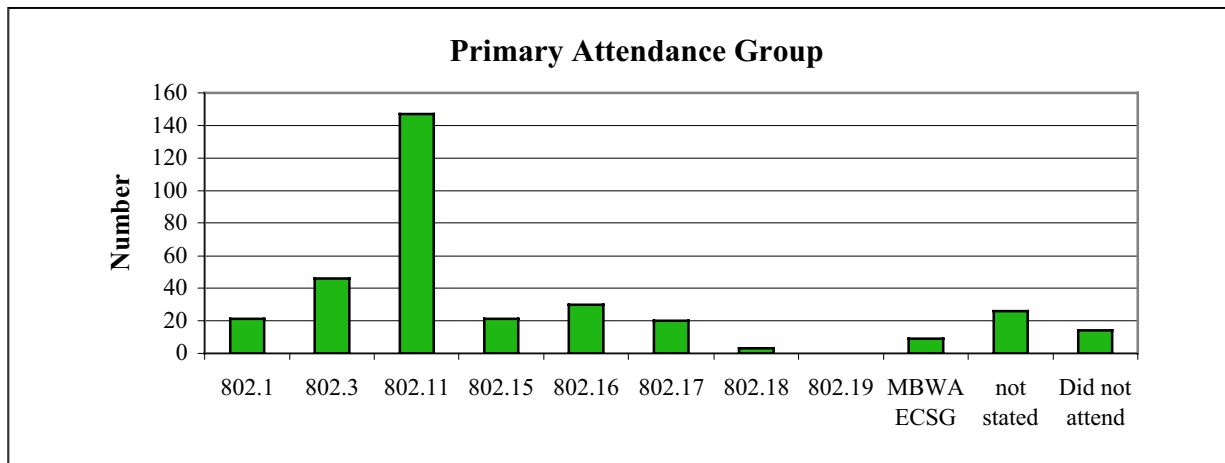

The survey was conducted with the following disclaimer.

“This survey is being conducted to collect information about your preferences and constraints regarding 802 plenary meeting arrangements. This form is not a ballot, and this survey is not a binding referendum.”
