Recording Secretary
IEEE 802 Executive Committee

2/10/2010

Subject: Endorsement letter for Dr. James P. K. Gilb

Dear Recording Secretary

As Dr. Gilb's direct manager, I wish to endorse him for the position of IEEE 802 EC Recording Secretary. Dr. Gilb has 17 years experience as an engineer in wireless technology, including radar absorbing materials, RFIC design, radio systems design and wireless networking standards. Dr. Gilb has been continuously active in IEEE 802 for 8 years previously holding the positions of 802 Recording Secretary, 802.15.3 Technical Editor, 802.15.3b Technical Editor, 802.15.3c Technical Editor and 802.15 Working Group Technical Editor.

SiBEAM will be the supporting entity and is committed to providing the necessary resources to support him as IEEE 802 EC Recording Secretary, including time and travel expenses for meetings, while he is employed with the company. We recognize that Dr. Gilb is expected to act in accordance with the conditions stated in subclause 5.1 of the IEEE 802 Operations Manual dealing with voting "as both a professional and as an individual expert."

Sincerely

Jeff Gilbert
Chief Technical Officer

Dr. James P. K. Gilb
Director, Standards and Advanced Technology
