

# IEEE 802 LIAISON LIST

---

## LIST MAINTENANCE INSTRUCTIONS

Jodi Haasz

Senior Manager, Operational Program Management

# INTRODUCTION

---

# INTRODUCTION

---

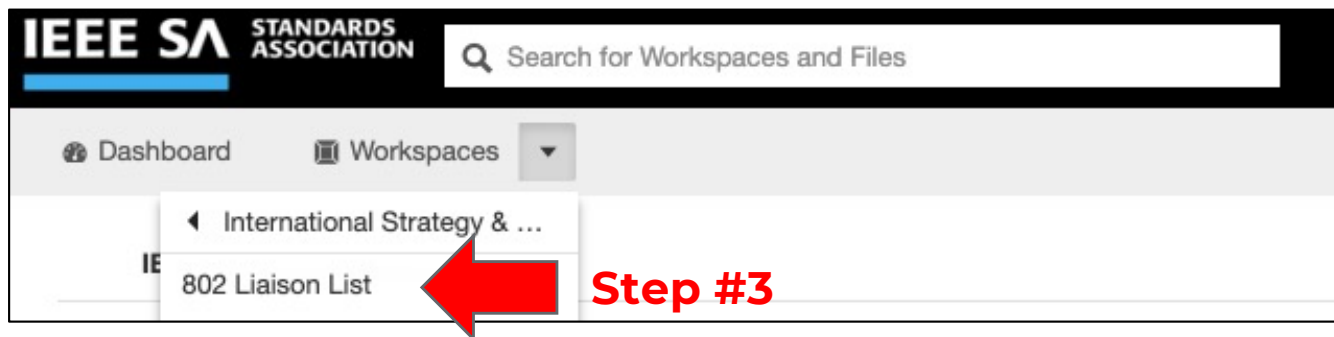

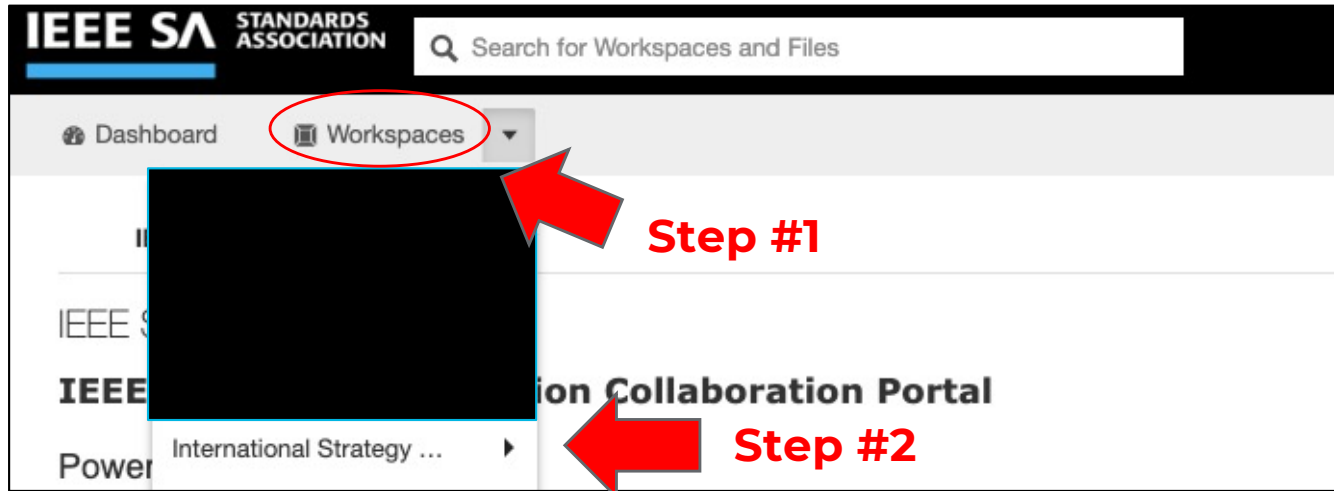

- The database is located in the iMeet Central Workspace “802 Liaison List” (Can be found under IEEE SA)
- The database is publicly viewed at the following URL: <https://ieeesa.imeetcentral.com/802liaisondb/FrontPage>
- The database contains 5 fields:
  - IEEE 802 Working Group
  - Liaison Organization
  - Liaison Organization Website
  - IEEE 802 Liaison Representative
  - Type of Liaison
    - **Relationship** - A cooperation facilitating a close working relationship between organizations typically via Liaison Statements, Liaison Officials or Liaison Facilitators.
    - **Statement** - A communication intended to advance cooperation among organizations.
    - **Official** - A person designated to advance communications among organizations.
    - **Facilitator** – A person, without any official designation, who participates in another organization as well as IEEE 802 to advance cooperation among the organizations.

# ACCESSING THE DATABASE

---

# ACCESSING THE DATABASE

To access the database, log in with your iMeet credentials at <https://iee-sa.imeetcentral.com/login>

At the iMeet Central Homepage (after login), click the “Workspaces” drop-down menu. Using the Menu, locate the “802 Liaison List” Workspace by going to International Strategy & Planning → 802 Liaison List.

# ACCESSING THE DATABASE FOR EDITS

## Step #1

Once you have logged into iMeet Central, you can access and edit the 802 Liaison List directly from <https://ieee-sa.imeetcentral.com/802liaisondb/FrontPage>

The screenshot shows the IEEE Standards Association website interface. At the top, there is a navigation bar with the following items: "802 Liaison List", "Home", "Database" (circled in red), "Settings", "People", "Properties", and "+ Add Tab". Below the navigation bar, there are two buttons: "Edit" and "New Page". The main content area is titled "FrontPage" and contains a disclaimer: "By accessing this application, you acknowledge and accept the terms of the [IEEE Privacy Policy](#)". To the right of the disclaimer is the heading "IEEE 802 Liaison List". Below this heading is the section "Definition:" followed by a definition of "Liaison": "A cooperation, communication, or person(s) facilitating a close working relationship between organizations." Below the definition is the phrase "Liaison may, in context, mean:" followed by a list of definitions: "Liaison Relationship", "Liaison Statement", "Liaison Official", and "Liaison Facilitator".

To access the Database view, click on "Database" at the top of the page.

# ACCESSING THE DATABASE FOR EDITS

## Step #2

The screenshot shows a web browser window with the URL <https://iee-sa.centraldesktop.com/802liaisondb/dbapp>. The page header includes the IEEE Standards Association logo and a navigation bar with tabs for '802 Liaison Data...', 'Wiki', 'Database', 'Settings', 'People', and 'Properties'. Below the navigation bar, the page title is '802 Liaison Database Data'. A 'New Database' button is visible. A table with the following columns is displayed: 'Database', 'Description', '# Records', and 'Actions'. The table contains one entry: 'IEEE 802 Liaisons' with 46 records. A red circle highlights the 'IEEE 802 Liaisons' entry, and a red arrow points to it from the text below.

Database	Description	# Records	Actions
IEEE 802 Liaisons		46	Select an action ▾

Click "IEEE 802 Liaisons" to select the database you are editing.

# UPDATING RECORDS

---

# ADDING A NEW RECORD

To add a new record, click the blue button in the top left corner of the page:

On the “Add Record” page, select and enter all applicable information in the five fields shown below (see next slide for more details). When finished, save your entry by clicking on either the “Save and Add Another” or “Save & Done” button.

A screenshot of the "IEEE 802 Liaisons - Add Record" form. The form has a "Save" button and a "Cancel" button at the top left. Below the buttons, there is a note: "Fields Marked with a \* are required". The form contains five required fields: "\* IEEE 802 Working Group" (a dropdown menu), "Liaison Organization" (a text input field), "Liaison Organization Website" (a text input field), "IEEE 802 Liaison Representative" (a text input field), and "Type of Liaison" (a dropdown menu). At the bottom right, there are three buttons: "Save and Add Another", "Save & Done", and "Cancel".

# ADDING A NEW RECORD (CON'T)

## Individual Field Information:

- IEEE Working Group: Select the WG from the drop-down menu, or select “Add New Choice...”. If “Add New Choice” is selected, you will be prompted to enter the new WG number.
- Liaison Organization: Enter the Organization in the text box.
- Liaison Organization Website: Enter the full URL in the text box.
- IEEE 802 Liaison Representative: Enter the name of the Rep. in the text box. If there is no actual person, enter “N/A”.
- Type of Liaison: Select the liaison type from the drop-down menu.

The screenshot shows a web application interface for adding a new record to the IEEE 802 Liaisons Database. The interface includes a navigation bar with tabs for 'Wiki', 'Database', 'Settings', 'People', 'Properties', and '+ Add Tab'. Below the navigation bar, there is a 'Back to IEEE 802 Liaisons Database' link and the title 'IEEE 802 Liaisons - Add Record'. The form contains several fields: 'IEEE 802 Working Group' (a dropdown menu with an asterisk indicating it is required), 'Liaison Organization' (a text box), 'Liaison Organization Website' (a text box), 'IEEE 802 Liaison Representative' (a text box), and 'Type of Liaison' (a dropdown menu). A note states 'Fields Marked with a \* are required'. At the bottom of the form, there are two buttons: 'Save and Add Another' and 'Save & Done'. The 'Save' button is highlighted in blue, and the 'Cancel' button is in red.

# EDITING A RECORD

To edit a record, locate the entry in the database view (shown below). After locating the data point, click on the corresponding pencil icon located to the left of the entry.

The screenshot shows the 'IEEE 802 Liaisons' database view. The interface includes a search bar, a filter section, and a table of records. A red arrow points to the filter dropdown menu, and a red oval highlights the pencil icons in the first column of the table.

IEEE 802 Working Group	Liaison Organization	Liaison Organization Website	IEEE 802 Liaison Representative	Type of Liaison	
802.1	IEEE 1905.1	<a href="#">Click Here</a>	Philippe Klein	Relationship	<input type="checkbox"/>
802.3	INCITS T11	<a href="#">Click Here</a>	Position Open	Relationship	<input type="checkbox"/>
802.3	ISO/IEC JTC 1/SC 25 WG 3	<a href="#">Click Here</a>	Alan Flatman	Relationship	<input type="checkbox"/>
802.3	TIA TR-42 liaison officer to IEEE 802.3	<a href="#">Click Here</a>	Valerie Maguire	Relationship	<input type="checkbox"/>
802.3	IEEE 802.3 liaison officer to TIA TR-42	<a href="#">Click Here</a>	Chirs DIMinico	Relationship	<input type="checkbox"/>
802.3	Broadband Forum	<a href="#">Click Here</a>	N/A	Statement	<input type="checkbox"/>
802.3	CCSA (China Communications Standards Association)	<a href="#">Click Here</a>	N/A	Statement	<input type="checkbox"/>
802.3	Cable Television Laboratories (CableLabs)	<a href="#">Click Here</a>	N/A	Statement	<input type="checkbox"/>
802.3	DKE (Deutsche Kommission Elektrotechnik Elektronik Informationstechnik)	<a href="#">Click Here</a>	N/A	Statement	<input type="checkbox"/>

# EDITING A RECORD (CON'T)

- After clicking on the pencil icon, you will be brought to a view that is very similar to the “adding a new record” view.
- You may now edit any of the five fields. After editing, save the edits by clicking “Save.”

# DELETING A RECORD

- To delete a record (or multiple records) from the database, locate the record you wish to delete. Then, click on the box located to the right of the record (after the check box is selected, the record will be highlighted in blue).
- After selecting all of the records you wish to delete, click the “Delete all Checked” button shown above the entries.

The screenshot shows a web browser window displaying the IEEE 802 Liaison List. The interface includes a navigation bar with tabs for 'Wiki', 'Database', 'Settings', 'People', and 'Properties'. Below the navigation bar, there is a search bar and a 'New Record' button. The main content area displays a table of IEEE 802 Liaisons. The table has columns for 'IEEE 802 Working Group', 'Liaison Organization', 'Liaison Organization Website', 'IEEE 802 Liaison Representative', and 'Type of Liaison'. The first row is highlighted in blue, and its 'Type of Liaison' checkbox is checked. A red arrow labeled 'Step #1' points to this checkbox. Above the table, there is a 'Delete all checked' button, which is circled in red. A red arrow labeled 'Step #2' points to this button. To the right of the table, there are two sidebars: 'Latest viewed records' and 'Recently Created', both containing a list of IEEE 802 Working Group numbers.

IEEE 802 Working Group	Liaison Organization	Liaison Organization Website	IEEE 802 Liaison Representative	Type of Liaison	
802.1	IEEE 1905.1	<a href="#">Click Here</a>	Philippe Klein	Relationship	<input checked="" type="checkbox"/>
802.3	InterNational Committee for Information Technology Standards (INCITS) T11 - Fibre Channel Interfaces	<a href="#">Click Here</a>	Position Open	Relationship	<input type="checkbox"/>
802.3	ISO/IEC JTC 1- Information Technology/ SC 25- Interconnection of Information Technology Equipment/ WG 3- Customer Premises Cabling	<a href="#">Click Here</a>	Alan Flatman	Relationship	<input type="checkbox"/>
802.3	Broadband Forum	<a href="#">Click Here</a>	N/A	Statement	<input type="checkbox"/>
802.3	China Communications Standards Association (CCSA)	<a href="#">Click Here</a>	N/A	Statement	<input type="checkbox"/>
