Approval: Agreed to at IEEE 802.3 Plenary meeting, Atlanta,GA, November 12<sup>th</sup> 2011

Dear Mr. Muller,

The IEEE 802.3 Working Group is conducting a revision to our base standard, IEEE Std 802.3-2008, via the IEEE P802.3 Task Force. We would like to request that IEC provide access to IEC 68025-1 and IEC 68025-2 for the IEEE P802.3 Task Force for the purposes of that work.

If provided, access to the draft will be on the Task Force area and will be behind a password protected area only for the duration of the standard development, after which it will be taken down.

Attached is a copy of our draft standard for your reference.

Sincerely,

David Law  
Chair, IEEE 802.3 Ethernet Working Group
