

IEEE 802 Liaison List

List Maintenance Instructions

Jodi Haasz

International Affairs Senior Liaison

Technology Policy & International Affairs

Introduction

- The database is located in the iMeet Central Workspace “802 Liaison List” (Can be found under IEEE-SA)
- The database is publically viewed at the following URL: <https://ieeesa.imeetcentral.com/802liaisondb/FrontPage>
- The database contains 5 fields:
 - IEEE 802 Working Group
 - Liaison Organization
 - Liaison Organization Website
 - IEEE 802 Liaison Representative
 - Type of Liaison
 - Relationship - A cooperation facilitating a close working relationship between organizations typically via Liaison Statements, Liaison Officials or Liaison Facilitators.
 - Statement - A communication intended to advance cooperation among organizations.
 - Official - A person designated to advance communications among organizations.
 - Facilitator – A person, without any official designation, who participates in another organization as well as IEEE 802 to advance cooperation among the organizations.

Accessing the Database

- To access the database, you must login with your Central Desktop login information at the following URL:
 - <https://iee-sa.imeetcentral.com/login>

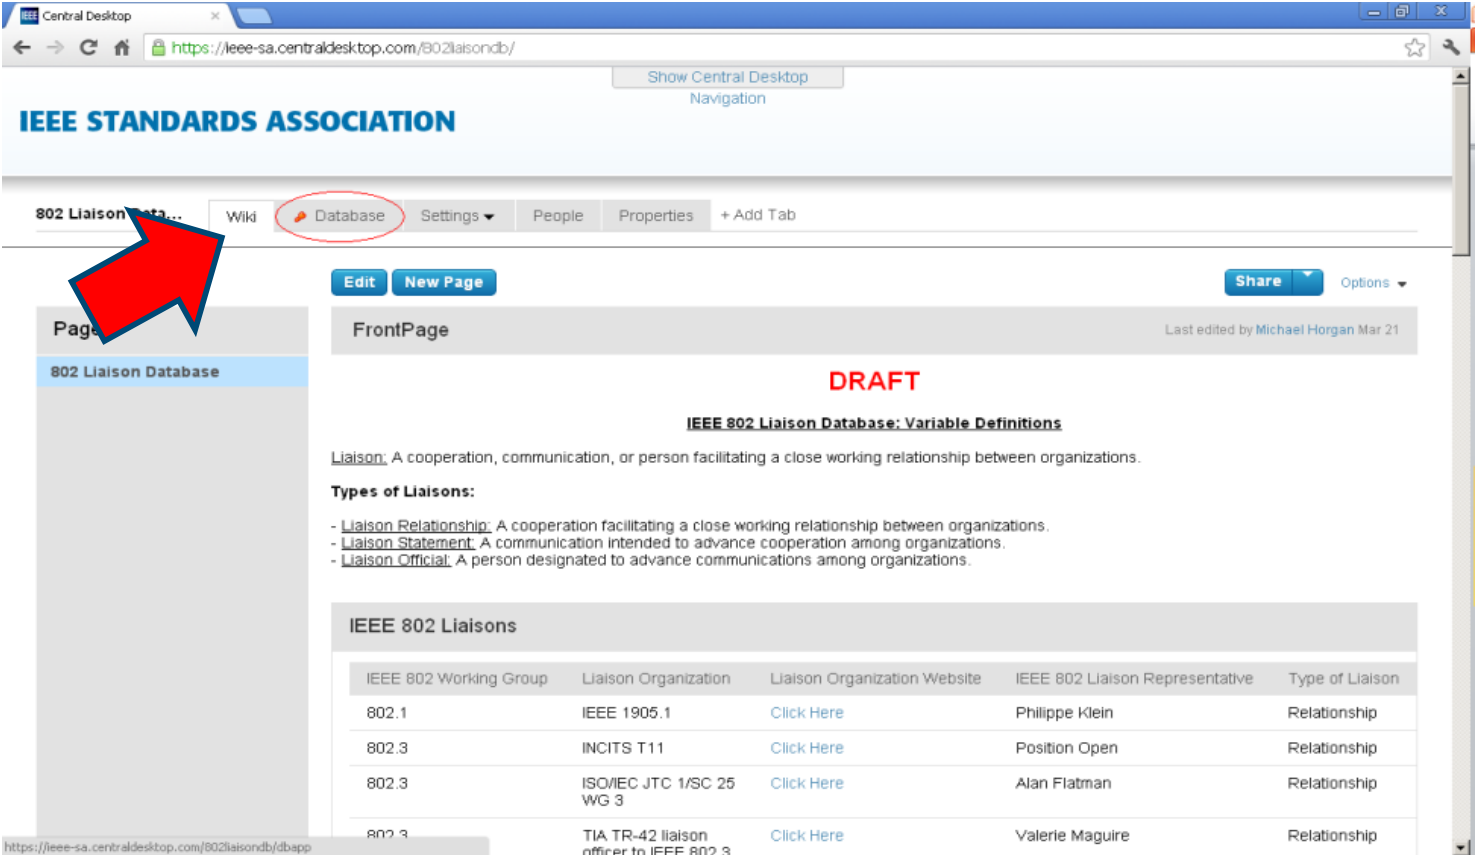

The screenshot shows the IEEE Standards Association iMeet Central homepage. The interface includes a top navigation bar with 'Workspaces', 'My Dashboard', 'Favorites', and a notification icon. Below this are sections for 'New Workspace', 'Company Shortcuts', 'Last Viewed', and a 'Workspaces' list. Four steps are annotated with red arrows and circles:

- Step #1:** Points to the 'Workspaces' drop-down menu in the top navigation bar.
- Step #2:** Points to the 'IEEE-SA' workspace in the 'Workspaces' list.
- Step #3:** Points to the 'International Strategy & Planning' workspace within the 'IEEE-SA' workspace.
- Step #4:** Points to the '802 Liaison List' workspace within the 'International Strategy & Planning' workspace.

At the iMeet Central Homepage (after login), click the "Workspaces" drop-down menu. Using the Menu, locate the "802 Liaison List" Workspace by going to IEEE-SA → International Strategy & Planning → 802 Liaison List.

Accessing The Database for Edits - Step #1

Once you have logged into iMeet Central, you can access and edit the 802 Liaison List directly from <https://iee-sa.imeetcentral.com/802liaisondb/FrontPage>

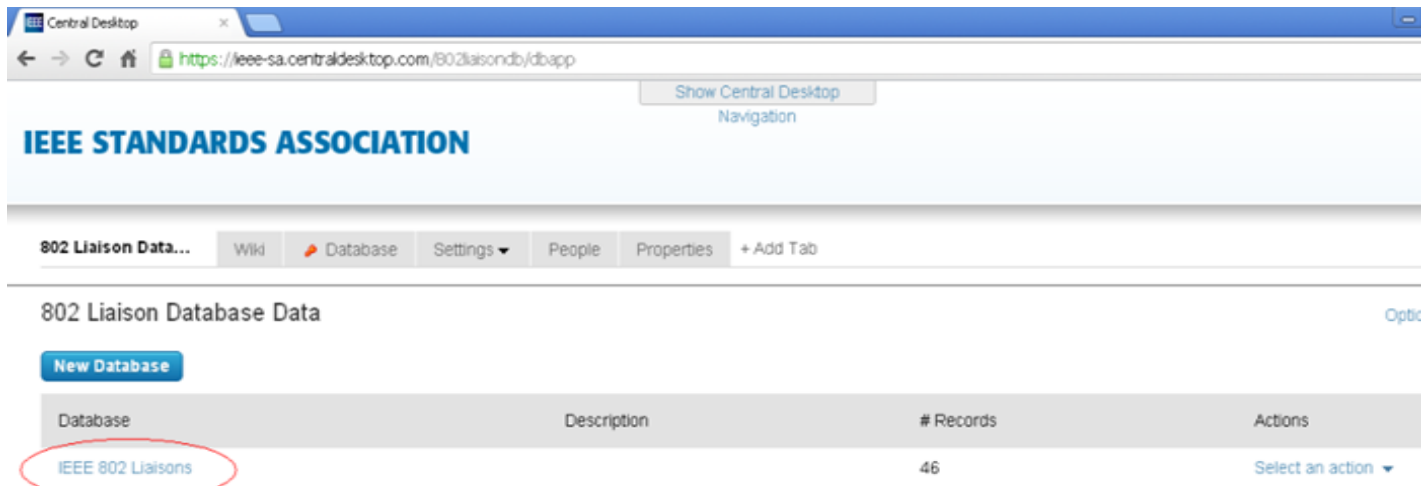

The screenshot shows a web browser window with the URL <https://iee-sa.centraldesktop.com/802liaisondb/>. The page header includes the IEEE Standards Association logo and a navigation bar with tabs: Wiki, Database (circled in red), Settings, People, Properties, and + Add Tab. A red arrow points to the 'Database' tab. Below the navigation bar, there are buttons for 'Edit', 'New Page', 'Share', and 'Options'. The main content area displays 'FrontPage' with a 'DRAFT' warning and the title 'IEEE 802 Liaison Database: Variable Definitions'. The page content includes a definition of 'Liaison' and a list of 'Types of Liaisons'. A table titled 'IEEE 802 Liaisons' is also visible.

IEEE 802 Working Group	Liaison Organization	Liaison Organization Website	IEEE 802 Liaison Representative	Type of Liaison
802.1	IEEE 1905.1	Click Here	Philippe Klein	Relationship
802.3	INCITS T11	Click Here	Position Open	Relationship
802.3	ISO/IEC JTC 1/SC 25 WG 3	Click Here	Alan Flatman	Relationship
802.3	TIA TR-42 liaison officer to IEEE 802.3	Click Here	Valerie Maguire	Relationship

To access the Database view, click on "Database" at the top of the page.

Accessing the Database for Edits - Step #2

The screenshot shows a web browser window with the URL <https://iee-sa.centraldesktop.com/802liaisondb/dbapp>. The page header includes the IEEE Standards Association logo and a navigation menu with options like '802 Liaison Data...', 'Wiki', 'Database', 'Settings', 'People', and 'Properties'. Below the header, there is a section titled '802 Liaison Database Data' with a 'New Database' button. A table lists the available databases:

Database	Description	# Records	Actions
IEEE 802 Liaisons		46	Select an action ▾

Click "IEEE 802 Liaisons" to select the database you are editing. (It is the only one listed).

Adding a New Record

To add a new record, click the blue button in the top left corner of the page:

On the “Add Record” page, select and enter all applicable information in the five fields shown below (see next slide for more details). When finished, make sure to save your entry by clicking on either the “Save and Add Another” or “Save & Done” button.

Adding a New Record (Con't)

Individual Field Information:

- IEEE Working Group: Select the WG from the drop-down menu, or select "Add New Choice...". If "Add New Choice" is selected, you will be prompted to enter the new WG number.
- Liaison Organization: Enter the Organization in the text box.
- Liaison Organization Website: Enter the full URL in the text box.
- IEEE 802 Liaison Representative: Enter the name of the Rep. in the text box. If there is no actual person, enter "N/A".
- Type of Liaison: Select the liaison type from the drop-down menu.

Editing a Record

To edit a piece of data already in the database, locate the entry in the database view (shown below). After locating the data point, click on the corresponding pencil icon located to the left of the entry.

The screenshot shows the IEEE 802 Liaisons database interface. At the top, there is a browser window with the URL <https://iee-sa.centraldesktop.com/B02liaisondb/dbapp=zkd0bbg4goy68ykqgsd9epd3605896268.ac=h&num=08.ac=h>. Below the browser, the page title is "IEEE 802 Liaisons in Standard View". There is a "New Record" button and a "Showing 1-46 of 46" indicator. A filter section titled "Filter This View by:" includes a dropdown for "IEEE 802 Working Group" set to "- None -" and an "Apply" button. A red arrow points to the pencil icon in the first row of the table. The table has columns for "IEEE 802 Working Group", "Liaison Organization", "Liaison Organization Website", "IEEE 802 Liaison Representative", and "Type of Liaison". The first row shows "802.1" for the working group, "IEEE 1905.1" for the organization, "Click Here" for the website, "Phillippe Klein" for the representative, and "Relationship" for the type. Other rows include "802.3" for various organizations like "INCITS T11", "ISO/IEC JTC 1/SC 25 WG 3", "TIA TR-42 liaison officer to IEEE 802.3", "IEEE 802.3 liaison officer to TIA TR-42", "Broadband Forum", "CCSA (China Communications Standards Association)", "Cable Television Laboratories (CableLabs)", and "DKE (Deutsche Kommission Elektrotechnik Elektronik Informationstechnik)". On the right side, there are sections for "Latest viewed records", "Recently Created", and "Recently Modified", each listing several record IDs.

IEEE 802 Working Group	Liaison Organization	Liaison Organization Website	IEEE 802 Liaison Representative	Type of Liaison
802.1	IEEE 1905.1	Click Here	Phillippe Klein	Relationship
802.3	INCITS T11	Click Here	Position Open	Relationship
802.3	ISO/IEC JTC 1/SC 25 WG 3	Click Here	Alan Flatman	Relationship
802.3	TIA TR-42 liaison officer to IEEE 802.3	Click Here	Valerie Maguire	Relationship
802.3	IEEE 802.3 liaison officer to TIA TR-42	Click Here	Chirs DiMinico	Relationship
802.3	Broadband Forum	Click Here	N/A	Statement
802.3	CCSA (China Communications Standards Association)	Click Here	N/A	Statement
802.3	Cable Television Laboratories (CableLabs)	Click Here	N/A	Statement
802.3	DKE (Deutsche Kommission Elektrotechnik Elektronik Informationstechnik)	Click Here	N/A	Statement

Editing a Record (Con't)

- After clicking on the pencil icon, you will be brought to a view that is very similar to the “adding a new record” view.
- You may now edit any of the five fields. After editing, make sure you save the edits by clicking “Save.”

Deleting a Record

- To delete a record (or multiple records) from the database, locate the record you wish to delete. Then, click on the box located to the right of the record (after the check box is selected, the record will be highlighted in blue).
- After selecting all of the records you wish to delete, click the “Delete all Checked” button shown above the entries.

The screenshot shows the IEEE 802 Liaison List database interface. The URL is <https://iee-sa.centraldesktop.com/802liaisondb/dbapp=zkd0bbg4goy6Bykqgsd9epd3605896268&ac=v&num=0&recid=222&view=362641>. The page title is "802 Liaison List". The interface includes a navigation bar with "Wiki", "Database", "Settings", "People", and "Properties". The main content area shows "IEEE 802 Liaisons in Standard View" with "Showing 1-44 of 44" records. A "Filter This View by:" section allows filtering by "IEEE 802 Working Group" (set to "- None -"). Below the filter is an "Apply" button. A "Show:" section displays a list of letters from A to Z. A table of records is shown with columns: IEEE 802 Working Group, Liaison Organization, Liaison Organization Website, IEEE 802 Liaison Representative, and Type of Liaison. The first record (802.1) is highlighted in blue, and its checkbox is checked. A red arrow labeled "Step #1" points to this checkbox. A red arrow labeled "Step #2" points to the "Delete all checked" button, which is circled in red. To the right of the table are sections for "Latest viewed records", "Recently Created", and "Recently Modified".
