

Awards

IEEE Standards Association (IEEE-SA) Awards include:

Standards Medallion

For major contributions to standards development, e.g., leadership in standardization of new technologies, achievement of standards development goals, identification of opportunities to better serve the needs of standards users.

International Award

For an individual IEEE and IEEE-SA member who has made an extraordinary contribution to establishing the IEEE-SA as a world-class leader in standardization.

Emerging Technology Award

For an individual, working group, or company that has initiated or advanced a new technology within the IEEE-SA standards development process and has produced a balloted standards document that has market relevance.

Distinguished Service Award

For present and past members of the IEEE-SA Standards Board for meritorious and distinguished service to the IEEE-SA Standards Board and its programs.

Conformity Assessment Award

For major contributions to the development and promotion of IEEE standards products through conformity assessment activities.

Corporate Award

For an IEEE-SA member organization that has provided outstanding leadership and contributions to the IEEE-SA.

Standards Committee Award

For IEEE Standards Sponsors that have shown exceptional support of the entity standards development process consensus process.

Standards Education Award

This award is jointly sponsored by the IEEE Educational Activities Board and the IEEE Standards Association.

For an individual, company, or organization who has made significant contributions in the area of education about standards.
